CLEAN ENERGY

Legal Counsel: Job description

Camco Nordic Oy, part of the Camco Clean Energy Group is now looking for a Legal Counsel with 2 - 4 years' experience to be based in Helsinki, Finland. The position is for a one-year fixed term providing maternity leave cover, starting mid-February 2020.

Would you like to contribute to the development of renewable energy in emerging markets? Do you think that lawyers can contribute to the success of a business? If so, we would love to hear from you.

About Camco Clean Energy

<https://www.camco.energy/>

Camco Clean Energy is a fund manager specialized in clean energy and climate finance in emerging markets. Founded in 1989, the company has extensive hands-on experience originating, financing and building clean energy and electrification projects in developing and established markets in Africa, China, Southeast Asia, US and the Caribbean. Since its formation, the company has provided creative finance solutions to 180 projects worth \$15bn. Camco is the manager of REPP, a \$200m facility started by the EIB and UNEP, and funded by the UK government, to provide financing and advice to renewable energy projects in sub-Saharan Africa with a combined capex of \$4bn. In addition, the Camco has a mandate for the development of energy efficiency and renewables in the Caribbean and is constantly in the process of developing new investment vehicles. Our diverse team of around 20 experts are located in our offices in London (HQ), Helsinki, Accra, Nairobi and Johannesburg.

The Role

Within a small legal team that plays a key role in the operations of the Company, your responsibilities will include:

- Supporting the General Counsel with general commercial matters, including drafting, reviewing and negotiating documentation for the financing of renewable energy projects
- Managing Camco policies and procedures including KYC and AML
- Responsibility for corporate governance tasks in relation to the Company and the investment vehicles managed by the Company
- Applying specialist legal knowledge in support of our project teams

The Requirements

- Passion about the challenge of climate change
- University degree in law, with an excellent academic record
- Experience from working in a challenging international business environment either as an in-house lawyer or in a law firm with international clients
- Ability to understand complex contractual issues and their practical implications to business, and provide clear legal advice
- Ability to work independently and handle a variety of matters in a fast-paced environment
- First class communication, presentation and negotiation skills. Excellent English is required (written and spoken) and French language skills are advantageous
- Motivated, flexible, and independent personality with a desire to develop an international reputation in the field of climate law
- Willingness to travel

How to apply

Please send your CV along with a one page cover letter (in English) to Karl Upston-Hooper, General Counsel, karl@camco.energy no later than EET 5pm 9th December. Applications are welcome from outside of Finland but no relocation support other than salary will be provided.

If you have any questions please do not hesitate to contact our legal team (Karl Upston-Hooper +358 44 240 6568 or Aili Judström +358 50 3477 288).
